**Small Group/Family Discussion Guide**

**Icebreaker:** Daniel is foundational to the book of Revelation. Share about a building project you were involved with, and how the foundation was important.

**Discussion Questions**

1. What are several things in Daniel 9:27 (70th week) that are also seen in Revelation 6-19 (Tribulation Period)? Why is this connection important to see?
2. What is the outline of the book of Revelation according to Revelation 1:18? How can this help us in understanding Revelation?
3. It has been said that "God knocks us down so that we will look up." How is that seen for Israel in the Tribulation period? How is that sometimes seen in our lives?
4. We see the "church" mentioned repeatedly in Revelation 1-3, but not at all in Revelation 4-19. What does this suggest? How does this give us great hope?
5. How blessed do YOU feel to be part of Christ's Church? Consider Ephesians 3:3-6; 1 Peter 1:10-12

**Small Group Prayer**

Include thanksgiving for our "blessed hope" of the Pre-Tribulation rapture! Recommit to stay faithful to the Lord, realizing that persecution and hardships come, even before the Tribulation.
